GOKUL PRIYAN S, BLOCKCHAIN FULL-STACK DEVELOPER

9360477834 | gokkull04@gmail.com | Chennai, TamilNadu

Summary

I am a full-stack developer with expertise in blockchain development. My goal is to build user-friendly applications while ensuring they are scalable. I specialize in frontend frameworks such as React.js and Next.js. I have over two years of experience in web development and more than one year in blockchain development. Additionally, I have attended numerous conferences and participated in web3 hackathons. I approach my work with passion and always strive to complete tasks within the given deadlines.

PROJECTS

1. **DevMa - Decentralized Event Ticketing Platform, Unfold**

[Link]

Developed a decentralised event ticketing platform powered by an AI agent. This is a combination of Devfolio and Luma. I build it by using Solidity with base integration. Also tried to update it by integrating it with FAN TV network.

2. **Landing Page Creation**

[Link]

Developed a landing page as a try-out to showcase my html skills

3. **Employee Management System**

[Link]

Created an employee management system for my zeit internship

4. **Medico - An Medical Platform**

[Link](#)

Developed an medical platform that connects Dr. and Patient

5. **Mahalakshmi - AnReal-Estate Website**

[Link](#)

Created an Re-estate website for my client.

Skills

JavaScript, C, Solidity, Reactjs, Nextjs, React Native, Git, Figma, MySQL, MongoDB, Firebase, Windows, Linux, Python

Languages

English, Tamil, Telugu

SOCIAL LINKS
